Practica 1.1 TALF

Diego Ruz Jimenez

1. Ejercicio 1

Find the power set R^3 of $R = (1,1), (1,2), (2,3), (3,4)$. Check your answer with the script powerrelation.m and write a LaTeX document with the solution step by step.

$R^2 = (1,1), (1,2), (1,3), (2,4)$

$R^3 = (1,1), (1,2), (1,3), (1,4)$
